## YOUTH KILLED BY LOCAL REAL ESTATE AUTO; DRIVER IS MEN HEAR TALKS HELD FOR TRIAL ON PROSPERITY

**Lorne Norman Prescott Dead From Injuries; Charge of Manslaughter Filed**

Lorne Norman Prescott, local school boy, was fatally injured about 6:20 o'clock last night when the bicycle upon which he was riding was run over by an automobile driven by G. W. Nolan of Venice.

A charge of manslaughter has been filed against Mr. Nolan and his bail was fixed this morning by Judge F. H. Lowe at \$5000.

The accident occurred on San Fernando Road, near San Fernando Court. Lorne was riding his bicycle south. Its new light was burning brightly. He was overtaken by an auto which was also going south. Mr. Nolan stated that he did not see the boy before the accident and stopped his car when he heard a racket as the wheels of the car passed over the bicycle.

**Rushed to Hospital**  
George V. Black, pharmacist at San Fernando and Los Feliz Roads, was summoned to the scene to give first aid. He saw immediately the seriousness of the accident and put in a call at once for the L. G. Scovren ambulance. Lorne was rushed to the Glendale Sanitarium Hospital where it was found that he had a fractured skull. He died a few hours later.

Meanwhile, Mr. Black had kept his eye upon Mr. Nolan until the arrival of members of the police department, when he was taken into custody. He spent the night in the cell at No. 2 Fire Station and was taken into court this morning.

A gallon demijohn of wine was confiscated from his car. This had not been opened, although an opinion was expressed by spectators that Mr. Nolan had imbibed a certain amount of liquor. He was not intoxicated.

**To Conduct Investigation**  
An investigation as to where the liquor came from will probably be held later. It is understood by the police that it was on its way to a cafe, Venice. It is believed that it was secured from the vicinity of San Fernando.

The inquest will be held tomorrow morning at 9:30 o'clock at the L. G. Scovren Undertaking parlor, 1000 South Brand boulevard.

Lorne Norman Prescott was a son of Thomas Prescott, 1309 South San Fernando Road. He was born in Toronto, Canada, and would have been 14 years of age two days before Christmas.

Funeral services will be held at the Little Church of the Flowers at 2 o'clock Thursday afternoon, December 1, 1921.

**Local Elks' Lodge Host to Visitors From Los Angeles**  
The annual visitation of the members of Los Angeles lodge of Elks No. 99 to Glendale lodge No. 1289 took place last night, when Norman Baile, exalted ruler, and other officers, members of the band and drill team, attended the regular meeting of the local lodge, which was conducted by Exalted Ruler Alfred Priest.

There were about 600 members and visitors present, and although there was not room enough for the visiting drill team to put on any maneuvers, several selections by the band were very much enjoyed. Entertainers from among the members of No. 99 and also others furnished by the Glendale lodge gave a very interesting program.

Joe Bellu, chairman of the entertainment committee, announced that there will be a "New Year's Eve" dance, particulars of which will be made public later. Although the returns from a number of outstanding tickets have not as yet been turned in, it is expected that about \$350 will be cleared on the Christmas Charity ball given Saturday night, to which will be added \$97.50, which was netted from the sale of kewpie dolls and candy, making the total estimated net receipts from that evening's entertainment between \$425 and \$450.

The proceeds of the turkey disposal, which was held at the meeting of November 21, it is estimated will net about \$400, also to be used for Christmas charity work. The charity donations at last night's meeting ran about \$300.

It was first believed that Dr. Simon was the ex-foreign secretary who signed the indemnity ultimatum last May, but it turned out that he is a German economic expert.

## THINK WHITTLESEY DISAPPEARANCE DUE TO FUNERAL

NEW YORK, Nov. 29.—Intimate friends of Colonel Charles W. Whittlesey, hero of the "lost battalion" in the world war, were convinced today that the ceremony of the burial of the unknown soldier at Arlington on Armistice day was the culminating cause of his mysterious disappearance from the United States fruit liner Toloa, bound for Havana. Colonel Whittlesey, one of the outstanding heroes of the war, was a pallbearer at that ceremony. "For the last two years there has scarcely been an hour when the grief and sorrow of war have not been brought vividly before him," said Charles W. Little, a law partner. "The culmination came at the ceremony at Arlington. He seemed unusually depressed ever since his return."

## SAYS PROHIBITIONISTS ARE DISAPPOINTED IN HARDING

CHICAGO, Nov. 29.—The prohibitionists of America deeply regret the silence of President Harding with reference to open violations of the Volstead law and want him to declare his attitude toward prohibition, Virgil G. Hinshaw, chairman of the prohibition national committee, declared at the opening of the national prohibition convention here today. Officials of the party from all parts of the country were present. "If President Harding is for the eighteenth amendment, let him say so," said Hinshaw. "If he is against the scandalous, ineffective enforcement in many parts of our country, if he is opposed to home distilleries as well as public manufactures, let him say so. We are sorry for the silence of the president."

## Ida Potter, Soon to Wed, Guest of Honor at Shower

Miss Ida Potter of 906 East Harvard street was the guest of honor at a novel miscellaneous shower on Sunday afternoon at the South Pasadena home of Mrs. L. R. Fugit, whose daughter, Mrs. John D. Miss Potter, who will be married to Jesse Flower of this city on December 7, is a lifelong friend of Mrs. Stauffer, the two young ladies having formerly been schoolmates.

Mrs. Caroline Needham gave a very complete report on current events. A paper on "American Poets from 1900 to Date" was read by Mrs. J. E. Sargent. She spoke especially of Van Dyke, Markham, Sandburg, and others. Mr. Sandburg was a schoolmate of Mrs. Frank C. Ayars of Glendale when she resided in Illinois. Plans were discussed for the bazaar to be given by the club December 7 and of which the literary section will have part of the apron booth. The next meeting of the section will be held December 12 at the home of Mrs. L. R. Fugit, 462 Riverside drive, at which time Mrs. Frank Ayars will review the book "The Americanization of Edward Bok."

## CITY'S GROWTH HAS FINANCE PROBLEM FOR OFFICIALS

**Population Now Increasing So Fast Municipal Expenses Are Exceeding Budget**

The city of Glendale continues its remarkable and record-breaking growth so that—

The city council of Glendale is engaged in indoor sport—it's booting the budget.

City councilmen are juggling figures; they are kicking the dollar; they are financial gymnasts.

Which is one way of saving the councilmen are trying to make the city budget stretch over rapidly rising municipal expenses, due, it is explained, to the steadily increasing population. It is estimated 150 families are coming here monthly to reside permanently.

Many housewives are trying to make one dollar do the work of two. City councilmen are trying to do the same for the municipality.

Provisions of the budget will not meet municipal expenses, according to statements at the city hall. Expenses must be cut; otherwise, the city will be in the red. That's why councilmen are feeling blue. Likewise, that's why municipal employees look white at the threat of a reduction in salary.

Budget discussions have been held by the councilmen in the committee of the whole. Last night, in open council meeting, the public declaration was made by Councilman Dwight W. Stephenson that "the city's finances are in a deplorable condition."

**Says Motion Not Legal**  
The declaration came as the minutes of the council's last meeting were being read. The section of the minutes responsible was this: "The city manager recommended the appointment of Clyde Ashley as deputy controller and on motion of Councilman Lapham, recommendation was approved by the following roll call: "Ayes: Davis, Lapham, Robinson. "Noes: None. "Absent: Kimlin, Stephenson."

"On motion of Councilman Davis the request of Chief of Police A. O. Martin for the promotion of a patrol sergeant and the employment of another patrolman, also that Motorcycle Officer M. Collins' salary be raised from \$130 to \$145 was granted by the following roll call: "Ayes—Davis, Lapham, Robinson. "Noes: None. "Absent—Kimlin, Stephenson. "Adjourned."

"That motion is not legal," said Councilman Stephenson. "The charter provides that an increase in salary be made by a two-thirds vote." (Continued on Page 2).

This play has been written and is being directed by Miss Eva Daniels, and those who have attended similar events written by Miss Daniels will know that a treat is in store for them. At the close of the afternoon delicious refreshments were served.

## HUNDREDS ATTEND FORMAL OPENING OF HARROWER LABORATORY UNDER AUSPICES CHAMBER OF COMMERCE

**Head of Institution Tells of Early Efforts to Get Ideas Before Medical Men; Mayor Robinson, During Program, Extends Congratulations**

FORMAL opening of the new Harrower Laboratory was held last night under the auspices of the Glendale Chamber of Commerce at the new building at Broadway and Belmont street. Several hundred people were welcomed to the institution and marveled at its growth and the elegance of its home. After they had been taken on a tour through the establishment, a brief program was held in the assembly room which was packed with residents of the community wishing the continuing success of the enterprise.

Dr. Henry R. Harrower was seen with a broad, expansive smile during the entire evening and his handclasp was especially cordial. Upon his desk reposed a large basket of flowers from Mr. and Mrs. J. E. Phillips, while in the lobby was another floral tribute from Dr. H. G. Westphal and C. E. Kimlin.

"I am attempting to be a Christian gentleman," declared Dr. Harrower, in the speech of the evening. "I think it is my duty to speak my gratitude to God for my success. I don't want to preach you a sermon, but I can't refrain from thanking God for the hand that he has had in this affair."

"The matter, which has occupied my attention for the past ten or fifteen years really has been a fascinating study."

Dr. Harrower declared that he became interested in the possibilities of glandular therapy while a young physician and, after writing twenty-six papers upon it, was invited to speak before a national medical convention in St. Louis. Later he was made a professor in the medical department at Loyola college, Chicago. He says that he found he really was quite ignorant on the subject and began to ask questions of those who were supposed to be informed. In 1912 he went abroad for two and a half years and studied the subject as thoroughly as possible in Europe.

**Tells of First Sale**  
That he had no finances when he came to Glendale was admitted by Dr. Harrower. He stated that he had earned a few precarious dollars by writing for medical journals. He said that he had written to a number of physicians and obtained their opinion in regard to his suggested laboratory and after he had become convinced that the idea was sound he had written to a hundred physicians himself on his little typewriter, asking their support. He said the first package was sold to a physician in Altadena—only three and a half years ago.

"Today we have a business that is quite creditable despite the general opinion," he said. (Continued on Page 5).

## C. OF C. WILL MOVE TO NEW QUARTERS ON WEDNESDAY

**Second Floor of Building on South Brand Is Ready to Receive Organization**

Announcement was made to the board of directors of the Chamber of Commerce today that headquarters would be moved tomorrow from 115 West Broadway to 150 South Brand boulevard, second floor of the Citizens' building, which is opposite the Glendale Evening News office.

The arrival home of C. C. Cooper, president of the organization this afternoon, and the closing of the polls tonight for the election of six directors, was among the news "broke" at this afternoon's meeting. Routine business only was scheduled to come before the board.

**List of New Members**  
Following is the list of persons submitted for election to membership: James A. Belyea, 309 W. Pioneer. Cooley Motors Co. (I. G. Cooley), 120 S. Maryland. Widdows, 1318 E. Harvard. Amar Investment Co. (J. F. McClish), 616 E. Broadway. F. H. Robinson, 147 N. Glendale Ave. B. W. Sherwood, 317 S. Brand. Harry C. Smith, 219 E. Broadway.

## PRESIDENT HARDING URGES EDUCATION WEEK CAMPAIGN

**Issues Proclamation Calling on People to Consider Needs of Nation's Schools**

Calling attention to the fact that 5,000,000 American boys and girls are not availing themselves of free school advantages, President Harding today issued a proclamation designating the week of December 4 as "American Education Week," is the information received from Washington by The Glendale Evening News over its leased wire.

During this week the president urged that citizens "give special and thoughtful attention to the needs and aims of public schools."

The president pointed out in his proclamation that public education is "the basis of citizenship and is of primary importance to the welfare of the nation."

**May Call Off Parade**  
The parade of school children, which was scheduled for Monday afternoon as the opening event of National Education Week in Glendale may have to be abandoned.

The possibility of securing enough autos and competent drivers to convey all of the school children in the city was discussed at the Intermediate school by a general committee from the grammar school system and high school. It was believed that it would be necessary to have one adult in each machine besides the driver.

The committee decided that 900 machines would be needed—and it would take the parade three hours to pass a given point. As the parade committee has no funds with which to rent trucks and autos, it is felt that the children could not walk. It is understood that the idea of a parade may be abandoned altogether.

**Committee Meets Again**  
This afternoon the committee will meet again to rediscuss the matter. Its members are: George O. Lockwood, A. L. Ferguson, Miss Clara M. Lauderdale and Fred F. Borncamp, Principal George U. Moyse, Miss Lorraine Mitchell and Mrs. Fannie O. Stone, grammar schools. At the city council meeting last night a committee was present to ask the council for permission to hold the parade and for police assistance in arranging for the affair. The permission was granted and the police department instructed to give all possible aid.

Mrs. Zilpha Parker celebrated her 86th birthday last Sunday at the home of her daughter, Mrs. B. O. Holbrook, 426 West Harvard street. Many friends called during the day with flowers to offer their congratulations.

## CITY'S GROWTH HAS FINANCE PROBLEM FOR OFFICIALS

Population Now Increasing So  
Fast Municipal Expenses  
Are Exceeding Budget

(Continued from Page 1)  
ary must be made by ordinance. To raise the officer's salary, an amendment to the salary ordinance is necessary; a motion cannot accomplish it. Therefore, I move that the action taken at the last meeting as regards the increase in salary and the employment of another patrolman be rescinded."

### Favor Additional Officer

This caused a discussion and it developed that the other members of the council were willing to eliminate that portion of the motion referring to the salary increase, but insisted that the portion concerning the employment of another patrolman remain, all agreeing however, to an amendment to the salary ordinance to take care of the increase for Officer Collins.

Finally, on motion of Councilman S. A. Davis, it was decided to have the city attorney draft an amendment to the salary ordinance granting an increase to Officer Collins and at the same time the other provisions of the motion of the previous meeting were to stand. All voted in favor with the exception of Councilman Stephenson, who declared:

"The wording of the motion places me in an embarrassing position. I have no protest to make against increasing the officer's salary. But I do object to the employment of an additional patrolman until I can make an investigation as to whether the facts warrant another officer and, too, if we can provide the money to pay him."

"The finances of the city are in a deplorable condition. Now is no time to make additions to the payroll. Other members of this council know the financial problems we are facing."

### Others Want Patrolman

This caused Councilman C. E. Kimlin to declare:

"I believe we should make cuts in other departments and put on the additional patrolman. We know of the crime conditions in southern California. The additional protection is due the people here."

Here Councilman A. H. Lapham declared:

"That's quite right. We can cut in other places and strengthen the police force."

Councilman Davis agreed with this and announced:

"We can lay off men in the street department to meet the increase on the police force. It's been done before; we can do it again."

Here Councilman Stephenson declared:

"Understand me—this additional patrolman may be necessary. I don't know. I voted against the motion because I do know of the deplorable condition of the city's finances and I will not vote to increase the police department until I know that such a step is absolutely necessary. We are striving to make ends meet financially; we are threatened with a serious financial condition. I, for one, will not vote for another patrolman until inquiry has shown me it is absolutely necessary. Of course, if I thought this one policeman would save the lives of our citizens, I would not hesitate a second. But I have not been given the time to know this."

### Discussion Is Dropped

Mayor Spencer Robinson, scheduled to make an address at the reception held at Dr. Henry Harrower's laboratory opening, suggested that as the council was due to meet again that night to further consider the budget, that the discussion be postponed.

So it was dropped, although Councilman Davis' motion had prevailed and the city attorney instructed to prepare the amendment to the salary ordinance to care for Officer Collins' increase and the matter of securing an additional patrolman was carried over Councilman Stephenson's protest.

The council, after transacting other business, adjourned to attend the reception at the laboratory, later to again assemble at the city hall and juggle with figures in the budget in an effort to make ends meet.

It is explained at the city hall that the continued remarkable growth of Glendale has taxed all municipal departments to the limit and that financial provision made months ago is totally inadequate to care for the present demands.

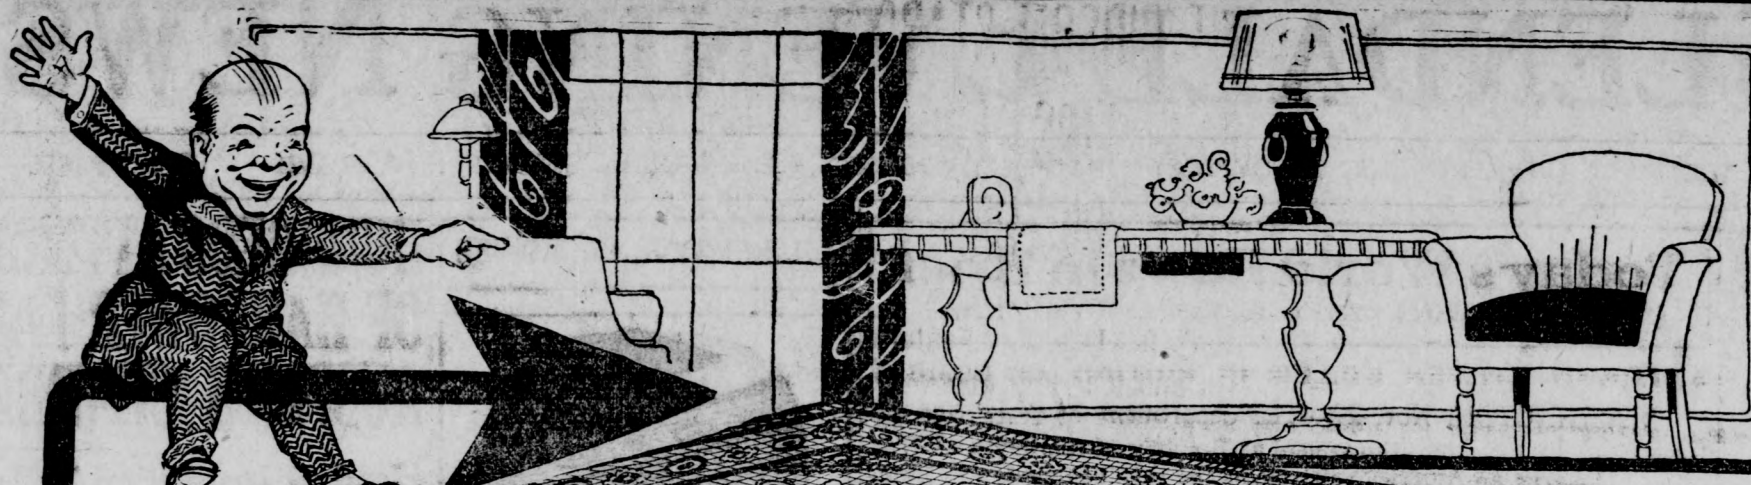

It is declared that more than 150 families are coming here every month; they are being given municipal service and the tax money to be paid by these newcomers will not enter the city treasury for a year. In the meantime, officials declare the city is hard pressed to finance the municipality expenses.

### Here Is the Reason—

Eight months ago we bought an unusual large order of Rugs—High-grade Wilton's Turkestan, Beauvain, Fervak, with the understanding they would be shipped to Glendale in six different shipments a month apart. Shortly after giving this order, the mills wired they were closed down and could not make deliveries as promised. We, therefore, ordered and received other rugs from different makers. Imagine then, our surprise Monday, when we were notified that the entire shipment of rugs which we thought cancelled were waiting for us at the freight depot—just at the most inopportune time—just before Xmas.

## Need to Disarm Is Church Topic, Claim

COLUMBUS—"Through all the centuries of the world's existence war, more than any other evil, has hindered the cause of human progress, brought greater unhappiness and suffering and fostered national selfishness and hatreds hardly reconcilable with the ideals of a sincere religious spirit and of a sound civilization," said Governor Davis recently, in urging Ohio's churches to emphasize the hope that the Washington conference on limitation of arms would be successful and pave the way toward permanent world peace.

"Recognizing this, the United States is calling together the nations for a conference for the purpose of discussing a general concurrent limitation by them of their armaments as the initial step in a movement which, it is hoped, may lead to complete disarmament and the entire abolition of war for all time," continued the governor.

"This conference was called appropriately to convene on the day following the third anniversary of the armistice, which ended the most destructive and disastrous conflict of all times," read the governor's proclamation. "The last war demon-

strated the utter failure of previous efforts calculated to promote the cause of peaceful relations among nations of the world. The forthcoming conference, beginning on Armistice day, raises in the breast of humankind a new ray of hope that at last the hour may be at hand when a deathblow may be struck at all armed conflict.

"The interest of the United States in this conference is the establishment of conditions that will permanently safeguard the peace of all the world, and there is every reason to believe that any arrangement which would require our nation to reduce its defensive armaments sooner than, or disproportionately to, other nations would precipitate rather than prevent warfare."

## HOOT GIBSON STARS IN HIS FIRST FIVE REEL PICTURE

'Action' Is Title of Feature  
Film and It Is Full of It—  
Action, of Course

Hoot Gibson is starred in "Action,"  
his first five reel feature production  
for Universal, having graduated from  
the two reel class into the five reel  
special. It is the same Hoot Gib-  
son who is well known to Glendale.

And he has crowded more into the  
twenty-four years of his life than  
most men do in twice that many  
years—and even now is not content  
to just appear in daredevil stunts be-  
fore the camera, but includes prize-  
fighting and flying in his itinerary  
of a regular life for a "regular guy."

To prove that life is nothing with-  
out adventure mixed in, he dashed  
down to Australia and caused the  
natives to sit up and wonder while  
he performed a series of cowboy  
stunts on the vaudeville stage.

Returning to this country, he went  
out on a ranch in Oregon and there  
picked up a few new rope-throwing  
and broncho-busting ideas from some  
"hand-picked" cowboys who had  
been practicing up while he was in  
Australia. Then the war came along,  
and as a sergeant he distinguished  
himself and returned home again—  
this time with his career clearly  
mapped out in his mind.

"Action" is the offering at the  
Glendale Theatre today.

### House Records Broken

On the same bill Harold Lloyd,  
king of comedians, will be seen for  
the last times in "Never Weaken,"  
the one film attraction of the year  
that has broken two attendance re-  
cords.

Manager William A. Howe an-  
nounces that the house record for  
both Sunday and Monday nights were  
shattered and he hopes the crowds  
will "Never Weaken."

The eighteenth episode of "The  
Diamond Queen" will be added for  
good measure tonight while tomor-  
row will have the newest feature in  
variety—an act called the California  
Five. From now until the first of  
the year the Glendale Theatre is  
booked with the best attractions  
money can buy.

### Miss Estelle Gies and William Willis United in Marriage

Miss Estelle Gies, daughter of Mrs.  
Catherine Gies of 823 North Brand  
boulevard, and William A. Willis of  
Los Angeles were married at 1  
o'clock yesterday afternoon, Novem-  
ber 28, 1921, at the home of the  
bride's parents, Rev. James S. O'Neill  
officiating, in the presence of im-  
mediate relatives.

The bride wore her going away  
gown of black kitten's ear silk with  
brilliant Chinese embroidery. She  
was attended by her sister, Miss Ada  
Gies, as bridesmaid. Matthew Clark  
of Los Angeles acted as best man. The  
ceremony took place under an arch  
of Cecil Brunner roses and green-  
ery in the music room of the bride's  
home.

After the wedding, refreshments  
were served, including a large wed-  
ding cake. After their return from  
their honeymoon trip Mr. and Mrs.  
Willis will make their home in Glen-  
dale.

## GLENDAL MUSIC CLUB Presents ALICE GENTLE

FRIDAY EVENING, DECEMBER 2, 8:15

High

The audience went mad, as only a San Francisco audience  
can. They have followed the ups and downs of Alice  
Gentle's career and it did their hearts good to see this  
woman, whom most of them, in Shakespeare's phrase,  
"vow they love," come so splendidly into her own.—San  
Francisco Examiner.

School

Miss Gentle is a Carmen worth going a long way to see, one that asks no odds of her predecessors,  
many though they are, and is not particularly imitative of any of them. She has her share and more  
of good looks, she has a real voice and she has brains and stage sense. Combining these in accurate  
proportions, she is able to create an illusion. In the card scene it was a great one, perhaps her finest  
moment of the evening.—Chicago Daily News, August 4, 1919 (Maurice Rosenfeld).

New York Evening Mail—Alice Gentle showed last evening in her first recital at Carnegie Hall that  
she possesses not only one of our best American voices, naturally beautiful and exceedingly well  
trained, but also a dramatic instinct and a fiery temperament. Miss Gentle is, in short, an artist  
through and through.

El Mundo, January 2, 1918—Alice Gentle, the celebrated soprano, triumphed equally as a great singer  
and as a great actress. She made a real Carmen without any exaggeration. In her Habanera duets  
and other musical numbers she was rapturously applauded. Her fame as one of the best Carmens we  
have heard is amply justified.

## A. D. SAUER IS VISITOR

"They have almost got me roped, but they haven't quite got the chain locked," laughed A. D. Sauer, who is staying with his sister, Mrs. George M. Stull at 1420 South San Fernando Road. He recently came from Yakima, Washington, and says that he likes southern California better every minute. He says that he could have bought a nice box of apples before he left for \$1, but that when he got to Portland, Oregon, the price was \$4.50.

## PAINT BUSINESS IS GOOD

The paint business was good last week, according to T. B. Reavis, 1530 South San Fernando Road. He attributes the large demand for liquid building coverings to an excessive or rather unprecedented building activity in southern Glendale and territory contiguous thereto; namely, to wit: Angelus Park and the Atwater Tract.

## CABINET SHOP IS GROWING

The cabinet shop of F. B. Reichenbach & Son, 421 West Los Feliz Road, is now occupying an addition recently built adjoining the end of its former quarters which had become too small to house the industry. Mr. Reichenbach expects to utilize the abandoned house, once used for a Japanese school, as a varnish room.

## CHRISTMAS RUSH STARTED

## YOUNG SONS TAKEN ILL

Charles and Robert, young sons of C. M. Meech, 816 South Glendale avenue, have not been feeling extra well lately. Yesterday their father left his work at the Tropico Garage, 410 West Los Feliz road, and took them to a doctor to find out if they had anything more serious than "growing pains."

## GIVES HIS EXPLANATION

A frankfurter is a weenie who has made the most of his opportunities, according to J. W. Mueller, the butcher and grocer at 1414 South San Fernando Road. He says that an ordinary weenie has "had the whole world to grow in," but didn't use it.

## BENTLEYS RETURN HOME

## MRS. E. V. BACON CAPTAIN

Mrs. E. V. Bacon of 1335 South San Fernando road has been appointed captain of the team working in Glendale and community for the sale of Christmas seals for the California Tuberculosis association.

Seven years ago this month the California Tuberculosis association began its first organized campaign against tuberculosis. The Christmas seal sale has jumped from \$12,000 to \$200,000 in six years. Every town and village in this state, it is claimed, has had the benefit of the proceeds from the sale of these seals, including nurses, camps, nutrition and dental clinics, occupational therapy, and numerous others. The association is endeavoring to make this year a bigger thing than ever before.

## ADMIT SOME STILL ALIVE

There are still a few jackrabbits left in Antelope Valley, but it isn't on account of two Southern Glendale nimrods. Mr. and Mrs. O. P. Marchert, and Mr. and Mrs. Chris Rasmussen, both of 1405 South San Fernando road, have just returned from an auto trip to Mr. Marchert's ranch there. They report fine weather and an enjoyable time. Mr. Marchert and Mr. Rasmussen are associated in business at 415 West Los Feliz road in the Los Feliz Auto Repair Shop.

## PROCTOR CAR IS WRECKED

Mrs. James Proctor, 211 West Los Feliz road, was driving her Ford coupe in Hollywood Saturday night. Mr. Proctor is connected with the Tropico Feed & Fuel Store, 1507 South San Fernando road.

## TOO BUSY TO BE SICK

"I haven't got time to be sick," remarked C. S. Jordan, of the Glendale Sash & Door House, 1422 South San Fernando Road, yesterday afternoon. He denied that any of the members of his family had been ill either and said he "spiced it was due to the same cause."

## STORE WILL BE MOVED

Tomorrow Mr. and Mrs. C. L. Brenkman will move their electrical goods and toy store from 1510 South San Fernando road to their new premises at 1524 South San Fernando Road. They expect to be open for business Thursday.

## AUTO TRIP IS ENJOYED

Fred Frey, 1017 Melrose avenue, accompanied his daughter and her husband, Mr. and Mrs. S. G. Snuggs of Los Angeles, upon an auto trip yesterday morning to several nearby hamlets including San Fernando and Hollywood.

## CERRITOS P.-T. A. MEETS

The Cerritos Avenue Parent-Teacher association, of which Mrs. E. L. Adams is president, will meet at the school building Thursday afternoon, December 1. The business meeting will be preceded by a social half hour, during which refreshments will be served. There will be a business meeting and program, including group singing by the A-I and B2 grades, "The Humming Bird," "The Lost Balloon" and "A Fish Story," recitation, "The Little Girls of Long Ago," by Isabel Gates; reading by Margery Carpenter and a talk by Miss Wilhelmina Van de Goorberg of Los Angeles on "Rewards of Education."

## SEES PLENTY OF AUTOS

There were four million and four machines out Sunday, according to D. C. Lovell, barber at 1403 South San Fernando road, who insisted that his wife should leave their home at 114 West Laurel street, and accompany him upon an auto excursion to Bellflower. He says that Figueroa avenue, Slauson avenue, Vermont avenue and Los Feliz road were all packed with steady streams of autos going each way.

"I never got in such a mess in all my life," declared Mr. Lovell. "It was awful. I didn't know there were so many machines in the world."

## MORRIS W. MORGAN HURT

Morris W. Morgan, who has been driving a truck to and from San Bernardino for the Tropico Pottery for the past two weeks, had one of the bones of his left foot broken early yesterday afternoon. On his way to San Bernardino with a load of sewer pipe he paused on Los Feliz road just before he reached San Fernando road to adjust the right hand wheel on his trailer. Before he could get out of the way the heavy solid tire encased double wheel had fallen upon his foot.

## Rub Backache Away

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin. Limber up! Don't suffer! Get a small trial bottle from any drug store and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints so quickly. You simply rub it on and out comes the pain. It is perfectly years.—Advertisement.

Dr. Harrower's Success Is Cause for Congratulation From Glendale People

(Continued From Page 1).  
eral financial condition of the country," stated Dr. Harrower.

"The idea was fundamentally sound. Not all agree, but 'the proof of the pudding is in the eating.' This thing does work. I could not have fooled so many physicians so many months and been so successful."

According to Dr. Harrower every good idea has someone to knock it and opposition has only served to spur him on. He declared that every time a medical association says anything disparaging about him or his medicine he sends out 150,000 more letters and gets more prestige than ever. He said that his institution was now sending out from its mailing department 85,000 pieces of mail a week.

**Ideal Is Kept in Mind**  
"We have persistently refused to forget the ideal we had at the beginning," said Dr. Harrower. "This was to 'develop information in regard to internal secretions in general practice.'"

Attention was called to the fact that the facilities of the institution have been placed at the disposal of the medical profession.

Tribute was paid to members of the laboratory family by Dr. Harrower and to his wife for the success of the enterprise.

James Howarth, assistant to Dr. Harrower, made a brief speech before his departure for the Southern Pacific station in Los Angeles to meet his mother, whom he has not seen for eight years, and his sister, arriving from Washington, D. C.

**Pride Taken in Work**  
"It is with pride in my heart that I think of the work that Doctor Harrower is doing," declared Mr. Howarth. "I can assure you that this work is not in vain. We are seeing some responses from it in the face of unyielding opposition. It was a great idea and Dr. Harrower felt confident it would grow, but its growth has been beyond his furthest imaginings and dreams. We shall always co-operate to the fullest extent in boosting Glendale."

In behalf of the Glendale Medical association, Dr. H. R. Boyer, president of this organization, thanked Dr. Harrower for his services to the physicians of the world and in Glendale in particular. He said that Dr. Harrower's preparations were proving a blessing for many sufferers who could not be helped a few years ago.

Mayor Spencer Robinson commended Dr. Harrower's character and congratulated him upon his success.

**Mayor Praises Dr. Harrower**  
"Money does not make a man," said Mr. Robinson, "but character does, and I want to tell you that the doctor has real character. He hasn't a piece of cotton string for a backbone. His success was not acquired by cheap advertising, but by personally visiting the chief medical associations and societies in United States and Canada, and explaining to them what he had to offer humanity."

"This institution has at all times favored the growth of Glendale and Dr. Harrower has done more than any other one man to advertise the world of Glendale in all parts of the world."

As vice president of the Chamber of Commerce, Jesse Smith paid tribute to Dr. Harrower's civic spirit and congratulated him upon his success.

"No one was ever asked to buy stock in this institution," declared Mr. Smith. "You didn't have the opportunity; I wish we had now."

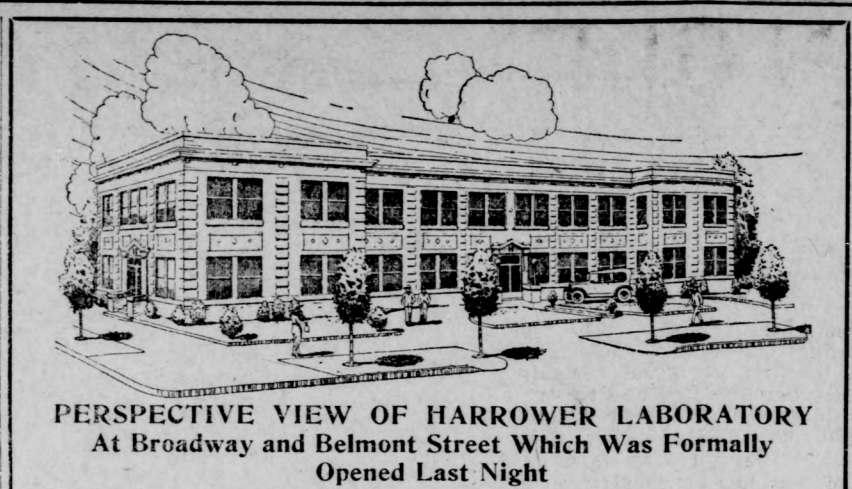

"I believe that only a few, with the exception of the doctor's personal friends, realized that an institution of such magnitude was being erected here."

"It is certainly my privilege and pleasure to commend Dr. Harrower."

The speeches were interspersed with musical numbers. Several baritone solos were sung by J. P. Williams, accompanied at the piano by his wife. Two selections were played by an instrumental quartet consisting of Mrs. W. J. Johnson at the piano, Miss Bailey Bridgewater, violin; Mrs. C. E. Schwartzfager, violin; Miss Elsie Lord, flute, and E. J. Moore, cello.

At the conclusion of the program Sierra Club punch was served and a social hour was enjoyed.

At Broadway and Belmont Street Which Was Formally

**HARROWER LABORATORY BUILDING  
IS COMPLETE IN EVERY DETAIL**

Plant Is Model of Efficiency; Every Convenience Is Provided for Work of Large Force of Employees

The Dr. Henry R. Harrower Laboratory administration building has much the appearance of a modern public school or a civic institution. It is two stories in height and built of red brick trimmed with lines of white.

There are two approaches to the main entrance. One is a direct walk for pedestrians from the sidewalk; the other a semi-circular drive for autos which starts and ends at Broadway near the east and west boundary of the property. A few feet directly in front of the entrance is an ornamental receptacle of brick to be filled later with water lilies and bullfrogs. This is elliptical in shape and rises about two feet above the surrounding sidewalk. At either end of it are small ornamental trees.

Promising lawns nearby are neatly bounded by a raised curbing. Near the building is a clump of shrubs and saplings while the parkway along Broadway is shaded already with growing trees.

The building has two entrances. One is to come in and one to go out. These open to the east and west in a small vestibule at the main entrance and are so arranged in order that draughts may not be admitted readily. Near these doorways are large, potted ferns upon oak tables. These ferns may be observed from Broadway.

**Clean and Comfortable**  
The lobby itself is a square, high-ceilinged room paneled in oak. Light-colored plaster brightens the upper part of the walls. The floor is of pebbled cement. Along the east and west sides of the room are chairs upholstered in leather for callers. Near the center of the room and facing the front window is the oak desk of the information clerk and hostess.

The most conspicuous feature of the lobby is the broad substantial staircase which starts midway the width of the room and leads to a balcony landing overlooking the lobby. A large, flag-draped, framed picture of President Harding hangs on the wall in the center of this balcony. Before it stands a fern upon a pedestal. The picture is a personal gift from the president to Dr. Harrower.

Dr. Harrower's private office is in the northeast corner of the first floor and commands a view of Broadway. This is artistically and cheerfully furnished in luxurious but not extravagant style. Pleasant pictures of nature hang upon the walls and a soft-toned carpet reposes upon the floor.

**Atmosphere of Learning**  
The main library of the institution adjoins in the southeast corner of the first floor. Amid the rows of new oak bookshelves, stocked with medical and technical volumes of great price, an atmosphere of learning prevails. The library connects on the west with the editorial room where data are compiled and copy prepared for the press. Like the other offices this is immaculately clean and appropriately furnished.

Dr. Harrower's private consultation room is not far from the lobby on the same side of the first floor as his own private office. This room is artistically fitted with period furniture and most inviting.

Brightly polished, hardwood floors are in evidence throughout the entire building. The woodwork is painted a cheerful French gray which combines with brightly polished brass door fixtures and light-tinted plaster of the upper walls in reflecting a maximum of light which easily finds its way into the interior through the numerous windows, which also admit plenty of fresh air. Even the doors of the individual offices contain opaque windows which permit light to brighten the main corridors.

**Protected Against Fire**  
The furnishings are of yellow oak and most of the desks and chairs are new and unscratched. Nearly every office has its oak sectional bookcase stocked with appropriate volumes and upon the walls are many pleasant pictures. The windows of several of the offices are hung with tan draw curtains of Monk cloth. The electric lights are enclosed in white porcelain and the fixtures are of the semi-indirect variety. Large floor radiators warm the

## LOCAL REAL ESTATE MEN HEAR TALKS ON PROSPERITY

Edwin T. Keiser, of State  
Commission, G. D. Willaman,  
Board Secretary, Speakers

(Continued From Page 1).  
age to real estate values in California, if wisely bought. The other investments may waver and decline, or advance slowly in price, but real estate will always be the safest, surest and best investment in California.

The marvelous growth of the city of Glendale was commented upon by Willaman. Four years ago he visited this city, which was then growing rapidly, but the astonishing pace in building development maintained during the past two years in Glendale, has pushed this city far out in front of cities of its size, in the matter of growth.

"Glendale has shown the way for other Southern California cities, and according to present outlook, the prospect is for even bigger days ahead in the coming years," said Mr. Willaman.

Brisbane predicts 50,000,000 population in California. He does not set the time limit as to when that large number will be here. But if all the other cities or even one-fourth of them make the same rate of progress as Glendale has in the past two or three years, the present generation will see the prediction of Brisbane fulfilled to the letter."

**Voted 12 Million In Bonds**

Mr. Keiser and Mr. Willaman spoke last week at the Merced irrigation district election meeting. Madera county real estate board sent a big delegation. The next day Merced county voted \$12,000,000 bonds with which to irrigate 180,000 acres of fine land. Stanislaus county is doubling its irrigation resources by completing a big new dam on the Tuolumne river. Madera county has by a vote of 99 to 1, passed \$28,000,000 irrigation bonds to reclaim 350,000 acres. Fresno voted an irrigation district and Kern county has plans laid to add 292,000 acres to its fertile producing areas. In the Imperial country the Colorado river is to be used on a grand scale for watering vast stretches of territory for farming.

"Thus it is seen that the interior counties of California are making preparations to furnish homes for their proportion of the millions of home seekers headed toward California," concluded Mr. Willaman.

**State Realty Department**

The work of the state real estate department was outlined by Edwin T. Keiser, who stated that there are now more than 20,000 licensed brokers, dealers and salesmen in California. At the present time the department's branch office in Los Angeles has three clerks busy all day long taking new applications, which Mr. Keiser believes is a barometer to the business which will be transacted here during the next year.

In speaking of complaints coming to his office, the real estate commissioner classified them into four groups, the first being division of commissions; the second, collection of overages; third, complaints resulting from over-persuasion; fourth, misrepresentation, or deals made where there have been promises of resale.

"Real estate men are becoming conscious that the service they render is of high value if rendered with a high purpose," Mr. Keiser stated. "The purpose should be to sell buyer what he wants and to ascertain what the buyer intends to do with the property in order to serve him best."

In one of the great glaciers in Switzerland there is enough solid ice to build several cities the size of New York.

## COMMENT THAT'S ALL

Prosperity's Bandwagon  
Economy City's Program  
How Bad We Need Hotels  
\$200 Building Per Capita  
By Gil A. Cowan

**PROSPERITY!** That is the story from the Twelfth Federal Reserve district of which California is a part.

Greater activity in the field of industry! Easier credit! Building activity surpassing all records!

That was the great news of the day which yesterday was brought to Glendale from San Francisco over the leased wire of the International News Service which serves The Glendale Evening News.

It sounded well to The Glendale Evening News which last March proclaimed this city to be the most prosperous of its class in America.

Even President Harding recognized this fact and from that day the strides made by Glendale have been overwhelmingly optimistic.

Literally, the whole world watches this brightest spot of a western land glittering in the sunset of the Pacific.

It does not take a stranger to tell Glendale the good fortune in store for its residents who all of the time have had confidence in their own judgment.

It is those who did not have confidence who today are awakening to the realization that Glendale is prosperous.

And there always will be those who would climb aboard the band wagon after the parade is started.

Amid all of this prosperity, however, there are vital problems to be met by the municipality.

Most important of these is a sewer system for the business section of the city.

Again, public utilities must be maintained efficiently—and they are quite satisfactory considering everything.

But in the departments at the city hall is where the "rub" comes. The building superintendent's office, the police force, etc., are not unlike the majority of business houses—too much business, too little help and not enough income to keep pace with the tremendous growth.

To be perfectly frank, this city has a "grand and glorious" revenue, but it is "hard up."

T. W. Watson, prior to resigning the position of city manager, aptly compared Glendale with a growing youth who had good clothes except that they were outgrown.

It is physically impossible, it seems, for this city to build on a scale commensurate with the increasing population.

**YET THE CITY COUNCIL BY WISE CONSIDERATION OF ALL EXPENDITURES CAN LIE WITHIN THE OFFICIAL POCKETBOOK.**

Families must do so, why not cities?

While families are hunting homes, the poor person who arrives in Glendale and seeks hotel accommodations.

Almost nightly The Glendale Evening News greets strangers who are wholly tired of tracing up and down hotel and apartment house stairs with their heavy luggage to learn that there are no rooms to be had.

Then it is that a real service is rendered by this newspaper. Practically every known harbor of humanity here is called on the telephone until the required room is found.

Truly, there is a real demand for hotels and apartment houses here and one or two more will not be amiss.

Building permits for November will approximate a half million dollars. Let's put it in figures and see how it looks—\$500,000. It would take most of us more than a thousand years to save that sum out of a sizable salary.

It represents an investment in Glendale of \$20 per capita per month or more than \$200 per capita for the year 1921. It is not unlikely that the total building will be upwards \$6,000,000 or nearly double the record of 1920.

And the pleasing part of it all lies in the fact that practically 75 per cent of this will represent homes.

**INDUSTRIAL DISTRICTS MAY MOVE, MANUFACTURING PLANTS SHUT DOWN, MINING CAMPS DIE**—but a city of homes holds smug complacency in its place in the sun!

Don't imagine that because you wear hobnail shoes and a blue shirt you work harder than any man in patent-leather shoes and silk shirt. Brain work can be more killing than brawn work.

## TERRORS CONTINUE TO RETAIN LEAD IN TOURNAMENT

Two Other Squads, However,  
in Vicinity Are Ready to  
Hurl Them Backward

By HOWARD M'GILLIS  
Sporting Editor The Evening News

By winning two out of three games from the Buzzards during the last week the Terrors managed to retain its position at the top of the Elks House Bowling league with a percentage of 72.6. Their exalted position is "very much" in jeopardy, however, as both the E. Z.'s and the Jays are only a single game behind the coveted first place. With but two more weeks of bowling the race has practically narrowed down to a three-cornered fight between the above named squads, and it is not unlikely that the ultimate victor will not be known until the final week.

The Jays, led by Maptain "Mac" McGregor, were the thrill furnishers of last week's play, trampling over the lowly Wizards in three straight games and boosting their standing to the runner-up position, where they are tied with the E. Z. pin-annihilators with ten contests won and five lost. The latter aggregation ran into a snag when they tackled the Bambinos, barely nosing out the "Babes" by a two to one margin.

The fourth match of the week was that between the K. P.'s and the P. D. Q.'s, the latter copping the glue by taking the first two games. The third contest was the most exciting of the evening, the K. P.'s coming from behind in the final frames and winning by the scant margin of two pins.

**Standing of League**  
Following is the standing of the league, to date:

	W.	L.	Pct.
Terrors	11	4	.726
E. Z.'s	10	5	.667
Jays	10	5	.667
Buzzards	7	8	.426
K. P.'s	7	8	.426
P. D. Q.'s	6	9	.400
Bambinos	3	9	.400
Wizards	3	12	.200

This week's schedule starts out with a bang, the Terrors and the E. Z.'s facing each other tonight in what promises to be a battle royal for first place. Both teams are going strong and the members of each group are confident of victory. If the "Easies" cop two out of three they will be tied for first honors, while if they are able to topple Captain Ulrich's men for three straight they will have passed the leaders.

**Other Matches**  
The other matches to be played this week are as follows: Wednesday, Buzzards and Bambinos; Thursday, Jays and P. D. Q.'s; Friday, K. P.'s and Wizards.

Art Timmons, leadoff man for the Terrors, is still leading in the race for individual high score honors with a mark of 222. With but ten matches remaining in the schedule Timmons looks like the winner of the special made bowling ball, which has been donated by the Brunswick-Balke company of Los Angeles.
